Respected Sir,

I Sandeep Kumar Ojha is a Computer graduate. Basically I am from non English background. So it was difficult to communicate fluently in English. Though I attended many interviews for BPO's but I couldn't make it to that due to above reason. Thus I decided to join Veta as it is a well known institution. The techniques, the study material the guidance especially by Nageswara Rao Sir & P.D classes conducted by our respected Director Sir helped me a lot in improving my English. Earlier I was shy of speaking, confidence, stage fear but after joining veta I have come out of all these.

At present I am working in a BPO (AEGIS, ESSAR Group) as a Call centre officer based at Bangalore and earning a good salary and all my dreams came true only because of Veta.

I am very thankful to all tutors, staff and our Director Sir for his concern and support towards me.

Call No: 09916256780

Yours faithfully
Sandeep Kumar Ojha
(Call Centre Officer AEGIS)
