Respected Sir,

To begin with, I am very happy  
to introduce my card.

I was an outstanding sports person  
in India during the period of 1990-2001. I got  
more medals in national level & international level,  
and also I have participated in Ash Series/America  
in Barcelona at 1992, in the world level event

Now I have been working in Food Corporation  
of India as an Executive Clerk. I was appointed  
in FC in 1990 as an ordinary clerk. Subsequently  
I have been promoted to the post of Executive Clerk  
by our sports promotion board, for my excellent services  
in the event.

After having promoted I was not able  
to get duties as required like accountability, training  
etc, because I was not good in English. My  
educational qualification is only S.S.C.

In this critical situation I had  
decided to learn English well and join the  
coaching classes in my place. After completion  
of the course I was not satisfied because  
I could not make a single sentence and was  
worried about it.

At that time I saw your Ad. Programme  
and decided to join 'Verna'

- Yours -

Immediately I joined "VITA" and stage in my place on completion of 25 days I learned more from this course. Particulars models, as well, were attractive, sentence main questions attracted me. The course concludes to days training, but I am able to make a statement and small letters with 10-25 days completed from the course.

This letter is also written by my self and the "VITA" syllabus is very nice and easy to learn. I have never seen such syllabus any where. I am very much thank to you Sir for preparing the syllabus. I will never forget you and this course Sir.

In this time I thank our good teacher, Mr. Chandan Soudan. He is very nice & experienced teacher, and also he is good content man. He cleared my doubts without any hesitation. The way of his teaching is simple & intelligent. His classes going on without boring.

Once again I am thanking you Sir for giving the easy syllabus to our people for learning English.

In end of the letter I give assurance to you that I will spread out this course to my neighbours and also I have decided to join the stage II for spoken English course.

Thanking you Sir.

Yours faith fully,
