

MY EXPERIENCE AT VETA

Patel Jignasha. R

Hello, friends,

I am Jignasha patel. I have completed the fluent English course at veta. Before I joined veta, I was afraid to speak in English with the confidence. After finished the course I speaks very well with confidence, complete. And the VETA is a very good institute. Because the counsellors, teacher's, classmate's all are supported me to improve my English language.

I suggests all friends and students go to veta and speak the English with your own confidence. and speak English language very easily. After joining the course don't hesitate to speak in front of other people.
